

(Instruments)

List of Products

(Balances / Cooling Distillation / Digestion
Electrical / Electronic /Maintenance / Electrochemistry /
Gas Analysis / Humidity / Physical measurements Shaking /
Mixing / Temperature/ Thermometers / Separation)

1. Analytical

Balances (Analytical, Mechanical, Precision, Density
Counter, Infrared, Brushes, Weighing tables, Set of weights

Industrial.)

2. Gas Analyzers

(Portable Combustion Gas Analyzer Continuous Flue-Gas
Monitoring Systems, Flue -Gas Conditioning Systems.
Automotive Flue -Gas Analyzer)

2. Conductivity Meters

(Laboratory, Portable/Field) ,Density (Balances ,Meters)
Digestion (Kjeldahl Apparatus , Flasks)

3. Distillation (Water , Nitrogen Kjeldahl)

4. Electrochemistry (pH-meters , Ion meters , Conductivity
meters , Oxymeters , Multiparameter Electrodes
,Conductivity cells ,Buffer solutions , , Turbidity meters)

5. Humidity Determination

(Infrared balances ,Analyzers ,Near-Infrared
,Hygrometers Dew Point Meters Water in Oil /Oil in
Water Analyzers, Moisture in Solids).

7. Temperature by Thermometer by (thermocouple, thermistors,
Infrared Thermometer, Digital Thermometer and Probes.)

8. *Electronic portable devices*

- Anemometer Airflow Meter
- Clamp Amp Meter
- Coating Thickness and Paint Thickness
- Durometer (hardness testing)
- Gloss Meters
- Hardness Testers
- Porosity Detectors , Pipeline Coils & Brushes
- Magnetic Particle Tester
- Oven-Data-Loggers
- Welding Gauges Test
- Wet-Film-Measurement
- Ultrasonic-Thickness Gauge
- Sound Level Meters
- Surface Roughness Tester

AC/DC
Heavy Duty
Rugged
for Welders

9. *Sensors* “Pressure, Temperature, Humidity, Air Velocity, Air Flow”.

10. *Shakers*

(Incubator , Homogenizer , Mixing , Orbital , Rocking Rotating ,Rollers ,Sieves) .

11. *All Types of Pressure Gages*

- Heavy Duty, All Stainless .
- Utility Gauges All Stainless Steel .
- Process Gauge 316 SS Internal.
- Heavy Duty Brass Internal.
- Utility Gauges Brass Internals
